
SOUTH IMPROVEMENT ALLIANCE

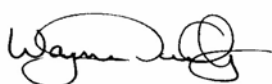

ENVIRONMENT POLICY STATEMENT

Policy & Objectives

The Alliance supports sustainability and the protection of the environment and commits to operating to achieve industry best practice.

We will do this by:

- ▶ Complying with ARTC's applicable requirements, policies and procedures
- ▶ Complying with all applicable environmental laws, regulations and statutory requirements
- ▶ Establishing, monitoring and auditing an environmental management system consistent with the certification requirements of AS/NZS ISO 14001
- ▶ Providing sufficient and suitable resources to implement and maintain the environmental system
- ▶ Allocating suitably qualified, skilled, experienced and motivated employees
- ▶ Educating and training to continually improve employees' awareness, skills and knowledge of environmental issues and practices
- ▶ Establishing and reviewing meaningful and accurate performance measures and taking action to improve performance
- ▶ Monitoring and evaluating the environmental performance of ourselves, consultants, subcontractors and suppliers and implementing effective communication on environmental issues
- ▶ Applying waste minimisation principles
- ▶ Considering the potential environmental impacts of upcoming work and taking all practical steps to prevent pollution and other adverse effects
- ▶ Supporting ecologically sustainable development initiatives that are consistent with current technical knowledge
- ▶ Developing partnerships with the communities within which we work.
- ▶ Engage in consultation with environmental stakeholders
